### **AMATOLA WATER BOARD WELCOMES NEW EXECUTIVES**

Amatola Water Board is pleased to announce the appointment of Mr. Jonathan Jackson (a chartered accountant with 20 years of experience as a CFO and has attained several clean audits whilst at the helm of ECPTA's finances), Ms. Dorothy Mabuza (an engineer with over 25 years' experience), Ms. Lindokuhle Nzoyi (an HR specialist with the following accolades, human resources administration services, organisational development and change management), as the new executive managers responsible for Finance, Corporate Service and Planning and Development, respectively.

The trio filled up previously vacant posts and were duly inducted into their roles on Thursday, 02nd May 2024. Their appointments follow that of the Chief Executive, Mr Siyabulela Koyo on the 1st of December 2023, essentially bringing a full complement of the executive team and heralding a new era of stability, performance, and ethical leadership in the organisation.

Welcoming the new appointees, Board Chairperson, Ms. Pam Yako expressed confidence that the new executives would significantly complement the current organisational efforts to be a leading water bulk services provider in the Eastern Cape. She further indicates that the Board is now confident that there is an executive team which will engage with our primary and secondary customers to improve Amatola Water's responsiveness to client needs. "We are open for business and stand ready to work with Water Services Authorities in the Eastern Cape to deliver reliable and sustainable water services to the Eastern Cape," she said.

Amatola Water has set itself the task of reaching out to a number of municipalities and use its capacity to be a strategic implementation partner and boosting our own organisational capability is a useful starting point.
